Airx RX 75 Antibacterial H.D. Cleaner & Odor Counteractant

Antibacterial heavy duty cleaner and odor counteractant. Tuberculocidal and virucide. The ability to kill the Mycobacterium tuberculosis bacillus BCG is a requirement for use of a product for clean up of blood spills, yet many quaternary disinfectant cleaners do not meet this requirement. RX75 does. The problem is that the Mycobacterium tuberculosis bacillus is protected by a tough shell that typical quat formula can not pierce. The superior penetration of RX75 allows it to breakthrough the TB shell.
