

## Fall into saving this September

### American Formula Endure Digestant

A microbiological breakthrough that allows the natural ability of bacteria/enzymes to digest and degrade waste, even in the presence of bleach and chlorinated dishwash which inhibit the performance of most products on the market. This outstanding product has the remarkable ability to withstand intermittent high temperatures (up to 180°F) and the high alkalinity of many cleaning products. Endure utilizes the natural ability of unique bacterial strains to degrade the solid waste that accumulates in grease traps and drain lines thereby reducing the need for frequent pumping. pH: 8.5-9.0. Ready to use. White color; cherry odor.

### M + A Matting Waterhog® Fashion Border Mats

Durable, stain-resistant mats with a unique bi-level design that traps dirt and moisture, keeping your floors clean, dry, and safe. Features a classic waffle pattern. Water dam border holds moisture keeping it off your floors and can hold up to 1.5 gallons of water per square yard. Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat. Solution-dyed PET fabric is resistant to staining, dries quickly, and will not fade or rot. Certified high-traction by the National Floor Safety Institute (MFSI). Eco-Friendly SBR rubber backing contains 20% post-consumer recycled rubber from car tires; PET surface is made from 100% post-consumer recycled plastic bottles.
